

Public Records Request Resident

The Idaho State Public Defender (SPD) values transparency in government and complies with the **Idaho Public Records Act**, found at Idaho Code §§ 74-101 through 74-127. Idaho Code §74-105(18) exempts some limited SPD records from disclosure under the rules adopted by the Idaho supreme court, attorney work product, attorney-client privileged communication, records containing confidential information from an individual about his criminal case or performance of his attorney, or confidential information about an inquiry into an attorney's fitness to represent indigent defendants.

Pursuant to Idaho Code § 74-102(10), the SPD will require pre-payment to recover the actual labor and copy costs used to fulfill public records requests, if (a) the request is for more than one hundred (100) pages of paper records, or (b) the request includes records from which nonpublic information must be deleted, or (c) actual labor associated with responding to the request exceeds two (2) person hours. Labor costs may depend on the nature of the request and required redactions.

Questions 3, 4, and 5, below, help the SPD make a determination regarding possible exceptions to charging a fee in connection with duplicating records associated with this request. Please note that the SPD is not required to compile new documents in response to a public records request. The SPD will provide documents that are as responsive as possible to any request, and the SPD **may** compile and provide the information if it determines, in its discretion, that the resources are available to compile the information and that it is an appropriate use of public resources. The SPD may delegate to its staff the authority to make the initial determination as to whether to provide the compiled information.

Please use this form to request public records from the SPD.
